**Camogie News - Minor B match v Lucan**

The Minor B Camogie team are proudly claiming to be the first club team to play in sub-zero temperatures this year. Pictured above are the squad as they try to thaw out before a compelling game v Lucan at the 12th Lock. A narrow defeat did little to improve the humour but the performance was at least heart-warming. Bring on the snow !!

## U9 Girls last Football and Camogie Blitz of 2016 in Sancta Maria

Despite a reading of -2 on the thermometer, it was full-on fun as usual for the U9 Girls as they gathered for one last internal football and camogie blitz at a frosty Sancta Maria on Sunday morning. While most people were burrowing further under the covers, the hardy girls of the Boden U9s busied themselves making 'frost angels' on the white surface while waiting for proceedings to get underway.

Once the games got going though, it was full throttle all the way as well over 40 girls took part in 2 games of football and one of camogie in the last of the internal blitzes before the breakup. There was a great show of skill, effort and tenacity for the frozen parents huddled on the side-lines as the girls put in their usual full hearted display.

So, just one more training session, and a pizza and movie party, to bring their U9 adventure to an end. Well done to all the girls for all their effort and fun during the year – next up it's U10's football and camogie – and we are well ready for it.

## U11 Hurlers Compete in 2016 November Cup

A win, a tightly fought draw and a loss against Naomh Brigids, Kevins and Judes respectively was the haul from 2 weekend's hurling in this annual tournament run by St Kevins in their Dolphin's Barn pitch.

This is our third year competing in this event, and as ever, our lads found the standard of hurling was very high. With the temperature hovering at 0° even keeping a grip of the hurl was a challenge, but the Boden lads battled on, recording a fine win over Brigids, and coming from behind to draw against a characteristically strong Kevin's group, before succumbing to a Jude's team that were unbeaten in the competition.

As our final tournament of the year, the November Cup again proved a great test to our lads, all the more so as they leave Go Games behind at last and enter into competition for the first time as U12's next year. Well done to all the lads.

**U9 Hurling V Na Fianna**

The Under 9 hurlers finished their season with a friendly match against Na Fianna on Saturday. It was a dry but extremely cold Saturday morning in Sancta Maria but that did not deter the approximately 60 boys that attended from each club. We were treated to some wonderful displays of hurling and to some great games.

This was a fitting finale to a very successful season. Over the course of the season the boys have played “Friendly” games, “Go games” and in “Blitzes” and their hurling has improved steadily. This reflects the hard work that they have put in, on the training pitch every Tuesday night. Training attendance has been very impressive, with circa 65 players on average attending each session. This was their first season in the Go Games and the boys have shown exemplary sportsmanship throughout the course of the season and as a Group are always impeccably behaved.

I must pay a special complement to our wonderful Coaches whose dedication to training and knowledge of the game, has contributed so much to help the boys in their hurling development.

<sup>[11]</sup><sub>SEP</sub> We look forward with confidence to the U 10 season ahead.

## **SAOR training for Ballyboden Mentors Juvenile to Minor**

### **So what is SAOR?**

SAOR, meaning “free”, is the acronym for Support, Ask & Assess, Offer Assistance and Refer and is used to describe a model of brief intervention. A brief intervention is any intervention that involves the minimum amount of time to support a change in a particular type of behaviour. A brief intervention may simply start through a conversation where a problem is identified and the individual is motivated to make a change in relation to the problem behaviour.

While the use of SAOR is designed to guide GAA coaches through a short supportive structured conversation with a player that may be engaged in harmful drug or alcohol use the communication and listening skills acquired through the training can be useful in a variety of training.

SAOR can work especially well with juvenile members in GAA clubs due to the relationships and strong bonds that exist between players and coaches. As coaches we regularly ask our players to leave their life issues in the changing room but for some players this won't be possible. If a player is experiencing difficulty in their lives this can manifest itself both physically and mentally and it is better for a coach to be armed with the skills to deal with these issues if and when they present themselves.
