Scothfhoireann Maurice Curtin

Tá clú agus cáil ar Maurice Curtin i mBaile Buadáin Naomh Éanna. Bhíodh sé ina phríomhoide i Scoil Treasa, as a dtáinig scoth na n-imreoirí thar na blianta. Bíonn Maurice le feiscint ag beagnach gach cluiche sa chlub, agus é i gceannas chomh maith ar an Lotto gach seachtain. Chaith a mhac, David, aon bhliain déag ag imirt le foireann iomána Átha Cliath agus fós is imreoir é den Fhoireann Iomána Shinsearach A.

Is as Cill Chainnigh ó dhúchas é Maurice agus thar na blianta is mó cluiche atá feicithe aige. Sna caogaidí, agus é ina bhuachaill óg, chonaic Maurice Christy Ring ag imirt i bPáirc Uí Nualláin sa tsraith iomána. Thárla raic i rith an chluiche agus bhí ar 'Link' Walsh agus a dheartháir Tom, Christy a chosaint ón tslua ag fágáil na páirce dó. Bhí sé de nós ag Maurice agus a chairde na camáin bhriste a bhailiú tar éis an chluiche agus iad a thabhairt do Mattie McGrath, déantóir camán cáiliúil, chun iad a dheisiú.

D'iarramar ar Maurice Curtin scothfhoireann Chill Chainnigh lena linnse a ainmniú. An aontaíonn tú leis?

Do It for Dan

A fellow Gael needs our help.

Dear Chairman,

My name is Sean Dempsey.

I'm a Laois man from the St Joseph's GAA club.

In October 2003 I had the privilege of watching a group of boys, whom by that point I had

worked with for almost 8 years, mature into men and claim a famous All- Ireland minor victory.

On their journey to glory I witnessed them meet and overcome every challenge head on; their strength and unity made them a force to be reckoned with, they epitomised the word team.

Their dedication to Laois was unwavering and they brought great joy and hope to the county.

Fast forward 17-years and they are united once more. This time their end goal is different, this time, it's not about winning matches it's about saving a life.

Dan Donoher, son of former Laois player Niall, is in a battle that no child should ever have to face. He is suffering from a rare muscular disease called Spinal Muscular Atrophy Type1.

Dan just turned one and his life expectancy is barely beyond that, without lifesaving medical intervention he will not see another year.

This infusion he needs is available exclusively from an American pharmaceutical company at a cost of 2.1 million dollars.

To date almost 400,000 euros has being raised but our fundraising projects has been hampered by the corona virus and restrictions rightfully imposed to help limit it spreading.

However the GAA community is like no other and when we stand together, we are capable of anything.

I know there are challenging times ahead for us all but little Dan Donoher does not have the luxury of waiting for this crisis to end. He needs help now.

Time waits for no child, man or woman so your generosity and speed of response is vital. I am writing to plead for help for Niall, his wife Aisling ne Quigley (whose brother Brendan was also on the 2003 team) and their son to all units of the GAA. worldwide. I believe if we all donate we can save young Dan's life.

If you can please share this with your executive, club members, sponsors and friends I will be forever grateful.

'Their Story': How the U14 Boys Are Coping With Social Isolation

**** More stories have been added since last week.**

Last week we asked the U14 lads to send in "Their Story", to document their thoughts and difficulties experienced during the Covid 19 pandemic crisis. We asked them to describe how they were coping with the restrictions through stories, pictures, new things they've

learned, inspirational quotes, how they've managed to maintain fitness, anything they have watched and enjoyed, something or someone that has inspired them.

We've gathered all of the responses to date and wish to share them with the wider Ballyboden St Endas community. They clearly show that the boys' talents extend far beyond the football and hurling pitches of Co. Dublin. They are a very creative and resilient bunch of lads who, while struggling with social isolation, have found a variety of ways to cope with this very difficult situation. It will hopefully be a once in a lifetime experience for all of us, leaving lasting memories and a range of emotions. Through their enforced new lifestyles, the boys provide some inspirational advice, funny stories, great poems, and routines to keep fit and the skills levels up to a high standard. It is well known that a healthy body leads to a healthy mind, the U14 boys are showing us how this can easily be achieved. Good luck to all of our friends and community during these trying times.

Concussion Management Guidelines for Gaelic Games

If in Doubt, Sit Them Out

Gaelic games can be physical sports, and, while collisions are not a primary element of our games, they can occasionally happen. There has been an increasing number of concussion

injuries over the past year, and it is important that team managers, mentors and first aid people can recognise the symptoms and know the correct actions to take in order to ensure the safety of the player. Player safety is the most important consideration in a concussion, or any injury situation. It is widely reported that an inter-county player collapsed in a dressing room a week after an initial concussion diagnosis.

SPARC lead physiotherapist, Eamon O'Reilly has kindly created the below protocol for dealing with concussion and shared the GAA Medical Scientific Welfare committee guidelines, and we ask all those involved with teams to familiarise themselves with the guidelines and with the 'If in Doubt, Site Them Out' tag line. In order to ensure player welfare and to collate club data on the occurrence of concussion injuries, SPARC will see any club member with a concussion or suspected concussion free of charge, and we strongly encourage club players to avail of this generous and important offer.
