General Manager Job Advertisement

Following the retirement of the Club's General Manager, Noel Sheridan, after 17 years in the role, the Club is seeking to appoint a General Manager on a fixed-term contract for three-years on a 25 hours per week basis. The role will report to the Club Chairman and be responsible for the efficient day to day running of the Club, the development and implementation of all operating plans, management of staff, and provision of input to the Executive for the development of strategic plans.

There is a requirement for flexibility as the role holder will need to be in attendance at the Club at different times during the day, evenings, and weekends, depending on demand.

Initial application screening, selection for first interviews and conducting of first interviews will be conducted by an external HR professional who will provide a shortlist of not more than four candidates to be interviewed by the Club Executive. The use of an external HR resource recognises the importance of the appointment and ensures objectivity in the assessment of applications. It is intended that the process will be completed by December 2020 and that the new General Manager will take up his / her appointment in January 2021.

If you would like further detail or would like to apply for the role, you can do both at <https://www.jobs.ie/ApplyForJob.aspx?Id=1914079> Applications, including CV and covering letter should be received before 24th of November.

Covid Practice - Update

As a club, we have been very diligent regarding implementation of measures to ensure the safety of spectators and players, and this has been as a result of hard work and effort by many, many people who have been tracking player check-ins, stewarding games, providing signage and sanitiser, ensuring a safe environment etc. This has been tremendously hard work on top of the normal effort to train and prepare teams and compete in games, and we have received compliments from referees and opposition mentors as to the quality of the preparation and precautions taken at games.

As the numbers of cases reported increases across the country, we must remain steadfast and diligent in implementation of the protective measures and procedures. Can we especially:

- Continue with health check-ins before every session
- Continue to sanitise equipment used after every session
- Avoid car-pooling to training or games. If car-pooling cannot be avoided and members of different households must travel in the same car, then masks should be worn.
- Encourage all club members and players over the age of 16 to download the HSE app to their phones as this is hugely helpful for tracing in the event of a scare.
- Continue to insist that all players bring their own water bottle to training and matches. Shared water bottles must not be used.
- Check-in to the GAA app to confirm health status should be done on the morning of an evening session or the night before for a morning game or session.

Many thanks for all your efforts up to now - let's continue to be diligent to ensure that we can complete our full programme of games in a safe manner.

Gaelic games-themed lessons are across all curriculum subjects and are for children at every class level, based on the GAA Céim ar Aghaidh/Step Ahead resource. For some fresh air and physical exercise, inter-county stars set Skill Challenges weekly that can be done at or near your home. There are also fun competitions and prizes to be won on the @GAAlearning twitter page. Primary teachers are encouraged to share lesson plans, learning material and ideas by email to gamesdevelopment@gaa.ie or on social media using #GAAPrimary.

Concussion Management

Concussion Management Guidelines for Gaelic Games

Prepare

Recover

Prepare Perform Recover

If in Doubt, Sit Them Out

Gaelic games can be physical sports, and, while collisions are not a primary element of our games, they can occasionally happen. There has been an increasing number of concussion injuries over the past year, and it is important that team managers, mentors and first aid people can recognise the symptoms and know the correct actions to take in order to ensure the safety of the player. Player safety is the most important consideration in a concussion, or any injury situation. It is widely reported that an inter-county player collapsed in a dressing room a week after an initial concussion diagnosis.

SPARC lead physiotherapist, Eamon O'Reilly has kindly created the below protocol for dealing with concussion and shared the GAA Medical Scientific Welfare committee guidelines, and we ask all those involved with teams to familiarise themselves with the guidelines and with the 'If in Doubt, Site Them Out' tag line. In order to ensure player welfare and to collate club data on the occurrence of concussion injuries, SPARC will see any club member with a concussion or suspected concussion free of charge, and we strongly encourage club players to avail of this generous and important offer.
